Hobby projects

achievements

1. E-award at HP for developing a proof of concept for the idea-fest entry and patent application for 'bookkeeping based memory management algorithm using bitmaps'. This involved design and coding of a memory manager based on the new algorithm, and a surrounding environment to test its performance against the existing algorithms.
2. Coordinated in organizing Avishkar and Gnosiomania, the technical and

quiz festival at the institute.

3. Awarded B-Man Title, in Avishkar 04 Business events.

4. Merit scholarship awarded by college.

5. Held the school head-boy position.

6. j2984524578.
